ALI TAZIKEH

INTERACTIVE MEDIA DESIGNER

ABOUT ME

Creative and detail-oriented Interactive Media Designer with experience in UX/UI design, front-end development, branding, and digital media. Skilled in transforming ideas into intuitive, user-centered solutions through research, prototyping, and visual design. Driven by continuous learning and a passion for creating meaningful digital experiences.

RELATED EXPERIENCE

TALLYA SAFETY APP | UX/UI Designer

- Designed mobile app interfaces and user flows in Figma.
- Created wireframes, prototypes, and high-fidelity screens.
- Applied accessibility and user-centered design principles.

STITTSVILLE WEBSITE REDESIGN | Team Lead & UX/UI Designer

- Led the redesign of a responsive website with a multidisciplinary team.
- Coordinated project planning, communication, and deliverables.
- Created wireframes and UI designs focused on usability and accessibility.

GAME OVER | Producer & Production Planner

- Developed production plans, schedules, and project documentation.
- Helped coordinate project scope, budget, and team deliverables.
- Supported the planning and presentation of a short film funding proposal.
