ABOUT ME

Detail-oriented Interactive Media Designer with a strong foundation in UX/UI design, responsive web development, and digital media.

Currently completing the Interactive Media Design program at Algonquin College. Skilled in UX research, wireframing, prototyping, visual design, and front-end development, with experience creating accessible and engaging digital experiences.

Passionate about solving problems through thoughtful design and building intuitive solutions that balance usability, functionality, and aesthetics.

RELATED EXPERIENCE

TALLYA SAFETY APP | UX/UI Designer — 2026

- Designed mobile app interfaces and user flows in Figma.
- Created wireframes, prototypes, and high-fidelity screens.
- Applied accessibility and user-centered design principles.

STITTSVILLE WEBSITE REDESIGN | Team Lead & UX/UI Designer — 2026

- Led the redesign of a responsive website with a multidisciplinary team.
- Coordinated project planning, communication, and deliverables.
- Created wireframes and UI designs focused on usability and accessibility.

GAME OVER | Producer & Production Planner — 2026

- Developed production plans, schedules, and project documentation.
- Helped coordinate project scope, budget, and team deliverables.
- Supported the planning and presentation of a short film funding proposal.
